*Certificate of Participation*

**The Institutional Gateway to LatAm's Web3 Ecosystem**

# Pedro Ferreira

**We hereby certify that the participant attended Blockchain.RIO 2026, held on August 12 and 13, 2026, in Rio de Janeiro, RJ, Brazil, with a total duration of 20 hours.**

Blockchain.RIO is one of Latin America's leading institutional platforms, connecting regulators, financial institutions, technology companies, and global leaders. Its program fosters discussions on tokenization, stablecoins, digital assets, regulation, and financial innovation. The platform strengthens dialogue between the public and private sectors, creating strategic connections that contribute to the development of digital financial infrastructure in Latin America.
